

## HOLLER IS SHUT OUT.

Probate Judge Elliott Refuses Him a Permit

## UNTIL AFTER HIS HEARING

In the District Court on the Charge of Illegally Selling Liquor.

Druggist Fred Holler whose place of business is at 232 Kansas avenue is without a liquor permit and can not legally sell liquor, either whisky, wine or beer for any purpose whatever.

The hearing of Holler's application for a new permit was set for 9 o'clock this morning before Judge Elliott in the probate court; his permit granted a year ago expiring today.

The action of the anti-liquor crusade in protesting against Holler being granted a renewal of his permit had its effect on Judge Elliott, and when Holler appeared before him this morning he did not even give him the formality of a hearing.

Judge Elliott simply announced that the hearing would be continued until after the case against Mr. Holler in the district court had been disposed of, which will be in December.

H. C. Root, member of the crusade committee who had been designated to represent the committee at the hearing, reached the office of the probate judge about two minutes after nine o'clock.

Judge Elliott informed him of what had been done and said he thought he understood how to manage his own business. Judge Elliott's action in leaving Holler without a permit pending a settlement of his case in the district court is satisfactory to the crusade committee, but since he has taken the action of his own responsibility, the members of the committee think it is unfair to Mr. Holler to be left without a permit while Leo Jones, who was arrested at the same time, should be allowed to hold a permit pending the settlement of his case.

The crusaders will likely ask Judge Elliott to revoke Jones' permit pending the settlement of his case in the district court and will at least urge that Jones be given a special hearing and be made to show why his permit should not be suspended.

## DON'T NEED SANDERS.

McTigue of the Weavers Say They Can Get On Without Him.

Lieutenant McTigue of the detail of Coxeyites, confined in the county jail, says the men do not feel as harshly toward General Sanders for deserting them as might be expected.

"There are plenty of men among us who are just as capable to lead us as Sanders was, and he will not be missed so far as that is concerned. I suppose he had a chance to better his condition and he availed himself of it. Most any of us would have done the same thing. If he don't want to join us again there is no law to compel him to and we will have to get somebody else to take his place."

## MR. TRUMP APPOINTED.

He Will Superintend Court House Construction at \$3.75 a Day.

W. H. Trump has been appointed to superintend the work on the new court house building at \$3.75 a day by the board of county commissioners.

It will be the duty of Mr. Trump to see that Contractors Evans and Stevenson use the material and do the work in all respects up to the standard prescribed in the specifications. Mr. Trump is an old builder and is simply able to do this work satisfactorily. He has been the superintendent of the new high school building, and the edifice itself is a testimonial of his careful supervision.

## Three More Want Pardons.

The state board of pardons is considering three pardon cases, but took no action on them. The cases before the board included that of Fred F. French, who was sent up from Cherokee county for twelve years for manslaughter in the first degree. He was convicted April 6, 1890. Fred Livingston of Butler county, who is serving a five years sentence for grand larceny, wants to get out, and his case was considered. The other case was that of Smith Baker of Bourbon county, who was sent up for manslaughter in the second degree in January, 1890.

## Kansas Patents.

Collins, Wichita, furniture hinge; John Kallanau, Topeka, snow-plows for railways; Wm. E. McMaster, Leavenworth, nut lock washer.

## Camped on Knox's Mound.

A party of eight young men in search of romance and thirsting for adventure, drove out to Knox's mound Thursday night and with no other covering than their horse blankets and the stars for canopy, camped out all night and then drove home again in time for breakfast. The young men were: Erasmus Bennett, Harmon Ryus, Walter Smith, Fred McGiffin, Dave Lakin, Guy Hagar, Frank Ohmer and Ernest Council.

## IT WAS PERSECUTION.

That Is the Way Labor Commissioner Todd Makes It Out.

Labor Commissioner Todd, who has just returned from a trip over the state, explained to a STATE JOURNAL reporter this afternoon how he lost his Santa Fe pass.

Mr. Todd said he was standing on the depot platform at Nickerson, waiting for the train to start, and a man on the platform explained that the train might not start soon as they were having lots of trouble with the strike.

Mr. Todd said: "I pointed over on the side track where there were twelve or fifteen Pullmans standing and asked a strike and I pointed directly at the Pullmans and said: That company pays less taxes and gets bigger dividends than any railroad corporation doing business in Kansas, and that's a fact too. The Pullman taxes were reduced, whether justly or otherwise, and that was the only company to get a reduction."

My pass was accepted for transportation but when almost to Emporia the conductor came around and took it up. Mr. Hurd explained to me the other day that it had simply been taken up pending an investigation and after he would hear from the man I had talked with on the platform it might be returned to me. "The pass was a matter of courtesy on the part of the railroad and they had a right to take it up whenever they saw fit, but I am not too poor to pay my fare and, any way, I have passes on other railroads and I won't have to walk."

## THE SEWER CASE.

Attorney Tillotson Arrested for Label on a Charge

## BY ONE OF THE JURORS.

More About the Statement Against M. G. Manley—Motion for a New Trial.

City Attorney D. C. Tillotson of Topeka was arrested on the charge of criminal libel at Lawrence last evening as he was in the act of boarding the Santa Fe plug to come home. Mr. Tillotson had no trouble in giving bond.

The complaining witness in the case is M. G. Manley of the Lawrence firm of Manly & Monroe who deal in farm investments. Mr. Manley was a juror at the February trial of the Dacker, Mullins & Berry sewer case, whom City Attorney Tillotson accused of having been "tampered with." The arrest was based on the article in Tuesday evening's issue of the STATE JOURNAL headed, "Topeka Loses It," in which Mr. Tillotson said: "At the February trial of the case the jury returned a verdict for \$32,000, which is about what we are willing to pay. This judgment would have stood if one of the jurors had not been tampered with. I have known right along that one of them was fixed, but I only got it yesterday in such a way that I am not under any obligations to keep it quiet. I have proof of what I claim, and will take the responsibility of its publication. The juror was M. G. Manley, the Lawrence banker, the night after the jury had agreed on a \$32,000 verdict, a man went to Manley and induced him to change his vote in the jury room. He went before the jury the next morning and declared that a \$32,000 verdict was unjust because the city was willing to compromise for \$75,000, and had repeatedly offered to do so. The result was that he upset the whole thing and a hung jury was the result."

Mr. Tillotson claimed to be able to prove his assertions.

Mr. Manley denies the accusations in the strongest language and defies the proof of any part of them. Mr. Manley is a respected citizen and business man of Lawrence and his friends denounce Mr. Tillotson's attack as unjust. Ex-Mayor Theodore Poehler of Lawrence said in the JOURNAL last evening:

"I will say for myself and the whole jury, that Mr. Tillotson's assertions are considered as a very quiet and unobtrusive change of venue to Emporia during our long and tedious session was always very gentlemanly, and in no way did he try to influence the jury in any undue way."

A councilman who has attended the three trials of the case and knows all about it and heard by hand up to a great deal of skulduggery has been reported to at the trial of the case; but this is my opinion and I don't claim to be able to prove it. If I could I would begin a prosecution of the guilty parties before saying anything about it to the newspapers.

"There is a leap prejudice against Topeka in Douglas county and we will get the worst of it as long as we try the case there. It always has been so since territorial days and we get 'hornswaggled' there in everything, from baseball affairs up. The best thing for us to do is to change the venue to Emporia or Manhattan. Judge Benson is above reproach and an able jurist, and I do not mean any reflection on him in what I say."

## Motion for a New Trial.

City Attorney Tillotson returned to Lawrence this morning to continue his argument for a new trial in the sewer case. It is stated that while the city has not much expectation that the motion will be granted, such a motion must be made and overruled before it can be appealed to the supreme court.

A dozen "material men" as they are called, who hold claims against the sewer contractors for material and supplies, are on the ground asking the court that their claims be allowed in the judgment. These claims are for sums aggregating about \$15,000.

## SQUIRM UNDER TAXES.

National Bank Stockholders at Garnett Object to Paying on Debt.

The stockholders of the First National bank of Garnett do not want to pay taxes on their debts and have appealed a case touching that matter to the United States supreme court.

The officers of this bank objected to the assessment of their bank stock and held that their private debts should be deducted from the assessed valuation of their stock in the bank. They took their cases to the district court to set aside assessment, but the district court held that the assessment was all right. The case was then appealed to the supreme court, where the decision of the lower court was sustained. The case has now been appealed to the United States supreme court.

Two other cases of a similar nature, affecting the Citizens' National and the First National banks of Concordia were tried in the supreme court but they have not been appealed.

## S. M. SCOTT AT WORK.

Five Populist Picnics Arranged For in This District.

The congressional campaign as far as the Populists are concerned has commenced in earnest in the Fourth congressional district.

The Populist congressman Charles Curtis is attending to business in Washington, his opponent, S. M. Scott, is visiting the farmers and asking for their votes.

The Populist congressional committee has arranged for five picnics to be held in Shawnee county next week, and Scott will attend each of these county meetings and talk politics to the farmers.

It was the large Republican majority of Shawnee county which elected Congressman Curtis, and the Populists will this year make a desperate effort to break the Republican vote of Shawnee, as a means of capturing the district.

## A VALUABLE ACQUISITION.

The Firm of Elliott, Wolfe & Co. Add a Seven Million Dollar Company.

The firm of Elliott, Wolfe & Co., 110 West Sixth street, has still further increased its agency by the addition of the New York Underwriters of New York city, which writes fire policies, backed up by seven millions of assets, and a net surplus of two and one-quarter millions of dollars, and has paid losses to the amount of forty-three millions of dollars.

The Underwriters has a record of thirty years of honorable dealing with the insuring public, and this favorable acquisition enables this firm to offer stronger indemnity than ever, and is in line with their policy to represent first class companies.

For instance, Mrs. Chas. Rogers, of Bay City, Mich., accidentally spilled scalding water over her little boy. She promptly applied De Witt's Witch Hazel Salve, giving instant relief. It's a wonderfully good salve for burns, bruises, sores, and a sure cure for Piles. J. K. Jones.
